

To our friends and supporters of The Bellevue Farmers Market:

We are excited about the upcoming 2017 season of The Bellevue Farmers Market. This year will mark our 5th year for the market. Halfway through the 2015 season, our market moved from the parking lot of the Bellevue United Methodist Church, to the heart of Bellevue – Red Caboose Park. We are looking forward to another great season at the park and we are working very diligently to make this season the best ever.

We are now at the point where our growth strongly depends on community partnerships. Of all the farmers markets in the outlying areas of Nashville, we are the youngest, but we have proven ourselves as an asset to our community. Out of all the markets in the Nashville area in 2016, we were the only market in which over 75% the produce sold was grown in the immediate community. Last year, 3 of our 4 farmers had farms right here in Bellevue. That is truly LOCAL!

Many great changes are happening in Bellevue. Our community is progressing forward at a rapid pace. We need your help and support to make our market move forward as well. Our goal is not only to be the best farmers market in Nashville, but to be a market that deeply enriches the community of Bellevue.

As we take our market to the next level in the 2017 season, we will be faced with new challenges – expanded advertising, public safety investments to include traffic control and event security, just to name a few.

We are also implementing many initiatives to make our market not only a great shopping experience, but a family and social destination each Friday night. This year we are looking to expand our musical acts, free giveaways, games and contests, prepared food choices, and much more. We also have special events scheduled in which will work with our community to give back to others in our community. Some of the events planned are “Box Top” drives to donate to local PTO’s, School Uniform drives for students in need, food drives for local food pantries, and other community related opportunities that will arise during the year.

On the following pages, you will find various levels of sponsorship opportunities. We hope that you can find one that is right for your organization!

Sincerely,

The Bellevue Farmers Market
